New Natural Grain Collection RELEASE!

The **Natural Grain Collection** is inspired by the colours and grains found in natural timbers, and were created in response to consumer feed back. The new colours resemble the timber species that have inspired their names and include Black Bean (dark mocca), Jarrah (red/brown) and Silver Gum (silver/grey).

The **Natural Grain Collection** has an embossed (grain) finish on the surface of both faces. One face will be 'smooth' and the reverse will be 'brushed'.

The **Natural Grain Collection** is available in 88 x 23mm, wide 137 x 23mm and Marina 137 x 32mm. The boards have been specifically designed to fit the KlevaKlip concealed fixing system. The KlevaKlip is available for the 88mm board now, late August for 137 x 23mm.

Fixing ModWood Natural Grain Collection

ModWood can be fixed using conventional fasteners - please refer to www.modwood.com.au for details.

KlevaKlip is the preferred method of concealed fixing of ModWood. Please refer to www.klevaklip.com.au for fixing details and adhesive instructions.

KlevaKlip models to suit ModWood Natural Grain Collection

It is critical that the correct model of KlevaKlip is used for the Natural Grain Collection product that you select. The Natural Grain Collection of boards has a groove on the edge to suit the following KlevaKlip models.

88 x 23 mm

KT88G Top Fix Clip Galvanised
KT88S Top Fix Clip S/Steel
KS88G Saddle Clip Galvanised

137 x 23 mm (available late August 08)

KT137G Top Fix Clip Galvanised
KT137S Top Fix Clip S/Steel
KS137G Saddle Clip Galvanised
